Why we choose Binance Smart Chain :

1. We wanted to set the reward system for holders. We had chosen Binance Smart Chain through which the pool of holders will get an equal percentage from 3% fees on every transaction.

2. We selected Binance Smart Chain because we wanted to involve our project with NFT. Binance Smart Chain is the greatest option to promote NFT games with all plugins. It provides the best features.

3. In the future we are planning to do JV with other coins in which Binance Smart Chain will provide facilities. Through this it will give a big support to our coin.
